

what books can be printed, what shows can be seen, and what can be said.

Mr. Speaker, we have debated on this floor the things that happen in China. And in China, if you try to buy an airline ticket you could have the money, but they have an app there. And they say, first, we have to check.

They have had people in their own press that were told: I am sorry, you can't take the plane.

Why?

You have said something that government doesn't like. You should apologize.

The reporter apologized but the government thought it wasn't sincere enough.

To me, it is something I would fight because I believe in free speech.

I thought that was farfetched in a faraway land. I never thought it would be written on paper in the U.S. Congress, and the powerful members of a committee that oversees jurisdiction would threaten people of why they carry a network and will they carry that network in the future; and if so, why?

I never thought I would see Members of Congress use their power to threaten others to go against the First Amendment.

Mr. Speaker, we will not stand for it, nor will the American public. This is not a partisan issue; this is a constitutional issue.

THANKING MEMBERS OF NATIONAL GUARD

(Mrs. BUSTOS asked and was given permission to address the House for 1 minute.)

Mrs. BUSTOS. Mr. Speaker, I rise to thank the citizen soldiers and airmen of our National Guard for upholding their oath to the Constitution.

Just 1 week after the attack on our Capitol, the inauguration of President Joe Biden and Vice President KAMALA HARRIS was peaceful. That is thanks to the 26,700 National Guardsmen and -women who answered our Nation's call to serve at this moment of need.

Their motto is "Always Ready, Always There." During the past month, their actions have fully embodied that motto.

Like Lieutenant Colonel John Bryk, who juggles his commitment to our Nation with his commitment to the students he serves in Orland Park School District in my home State of Illinois, he is one of more than nearly 1,000 Illinois Guardsmen and -women who have been deployed to Washington. There are still 500 here right now.

I met with some of them this morning. I will meet with more of them tomorrow. Illinois' sons and daughters, who have chosen to serve and protect this government body and this sacred building, we are stronger for their sacrifice, and I thank them for their service.

SUPPORTING NATIONAL RIGHT-TO- WORK ACT

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, this week I am reintroducing the National Right-to-Work Act with over 60 original cosponsors.

I, along with over 80 percent of the American people, believe that every worker should have the power to decide whether to negotiate for themselves with their employer. This bill would simply listen to the majority of American workers.

South Carolina has seen firsthand the job creation when we protect freedoms for American workers. I was present for Michelin Tire Corp.'s groundbreaking with Governor Jim Edwards to develop their largest plant in the world. I was with Governor Carroll Campbell for the BMW groundbreaking in Greer for their largest manufacturing facility. And I was with Governor Nikki Haley to see the building of Boeing aircraft in Charleston.

Congratulations to Mark Mix, president of the National Right to Work Legal Defense Foundation, for his success in 27 States.

In conclusion, God bless our troops, and we will never forget September 11th in the global war on terrorism.

EQUALITY ACT WILL BE LIFE- CHANGING

(Ms. JACOBS of California asked and was given permission to address the House for 1 minute.)

Ms. JACOBS of California. Mr. Speaker, I rise today in support of the Equality Act.

As the proud sister of a trans brother and a gender-nonconforming sibling and the proud representative of Hillcrest, the heart of San Diego's LGBTQ+ community, this bill is deeply personal.

The protections in the Equality Act will be life-changing for so many of my constituents.

Mr. Speaker, the first version of this bill was filed in 1974, 15 years before I was even born. It had one cosponsor and never got a vote. But this week, I am proud to say we are going to pass the Equality Act, cosponsored by the entire Democratic Caucus.

This was made possible by all those who marched and protested and raised their voices, like San Diego's own Larry Baza. Last week, we lost Larry to COVID, and today would have been his 77th birthday. Larry demanded justice and equality and dignity for all. I urge my colleagues to support the Equality Act.

HAPPY 100TH BIRTHDAY, JOE BERKLICH

(Mr. STAUBER asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. STAUBER. Mr. Speaker, I rise today in honor of Joe Berklich, a World War II veteran and Hibbing, Minnesota, native, who is celebrating his 100th birthday today.

In 1943, Joe enlisted in the Army and courageously served in the Pacific theater until the end of the war. In fact, all four of the Berklich brothers were proud to serve during our country's time of need.

Upon returning home, Joe married the love of his life, Margaret. He still lives in the family home in Hibbing, Minnesota, where they raised their four children: Michael, Danny, Timmy, and Mary. Always a family man, Joe's favorite memories are spending the Fourth of July at their cabin on Bear Lake and spoiling his grandchildren on Christmas Eve.

After the war, Joe worked for U.S. Steel, the Sherman Mine, and Minntac in Mountain Iron. He became a foreman and also traveled the Nation working with vendors of mining equipment.

In his free time, Joe has been an active member of the Hibbing community, serving as a Hibbing city councilor to the president of the Hibbing Curling Club.

Mr. Speaker, members of the Greatest Generation like Joe Berklich are the pride of our communities. As the Hibbing community gathers today for a drive-by past his house to celebrate this major milestone, I am proud to stand here on the House floor to thank Joe for his service and wish him the happiest of birthdays.

COMMENDING COLD CHAIN TECHNOLOGIES

(Mr. AUCHINCLOSS asked and was given permission to address the House for 1 minute.)

Mr. AUCHINCLOSS. Mr. Speaker, I rise today in support of President Biden's American Rescue Plan, a critical tool in the race between vaccines and variants.

My district is home to global leaders in the life sciences who are helping to win this race. Last week, I visited one of them in Franklin, Massachusetts.

Cold Chain Technologies is at the cutting edge of materials science, producing insulated packaging to transport and store vaccines and other biologics. They package all of Moderna's vaccines on the critical path of getting shots into arms.

To defeat this pandemic and prevent another, we must enact the American Rescue Plan and unlock its investment in life sciences research, development, and manufacturing here in the United States. My district is an exemplar of the innovation and jobs that are the fruits of the life sciences.
